DO YOU REMEMBER A POLITICIAN NAMED ALAIN BERSET?

Five years ago, on March 13, 2020, the government imposed its first pandemic lockdown on the country. Berset was front-and-centre of the drama as the public face of these decisions.

"At first, the voice of science wasn't really audible, nor was it well coordinated," he added. But the creation of task forces improved coordination by March 2020. The first few months of the pandemic were chaotic, involving non-stop work, recalled Berset. "I didn't know if I could withstand such brutal pressure. I couldn't imagine it was possible to endure it," he said.

Alain Berset @ @alain_berset · 23m Health is a human right. Today, @coe, Minister @joetienneabela & @WHO, reaffirmed that protecting health is vital to our democracies & shared values. Multilateralism matters only if it's felt in day-to-day lives of our citizens. That's why #HealthForAll is central to the #NDP4E.

"Immer diese Frage: Welche Fehler haben Sie gemacht?

Das ist die falsche Frage! Fünf Jahre ist es her, als der Lockdown wegen der Corona-Pandemie ausgerufen wurde."

Alain Berset (SP) war damals Innenminister im Bundesrat und zuständig für die Massnahmen, die ergriffen wurden.

Alain Berset @ @alain berset · Oct 13 A pleasure to see President @Keller_Sutter again in Bern. We had a very good exchange on our close cooperation between #Switzerland and the @coe, and on current geopolitical developments.

Die Bilanz in Zahlen

Rund 920'000 Menschen kamen zum Fest nach Zürich. Der Sanitätsdienst der Stadt Zürich gab am Sonntag bekannt, dass er 615 medizinische Einsätze gezählt habe, eine Zahl, die im Vergleich zum Vorjahr stabil geblieben ist und die auf kleinere Verletzungen oder übermässigen Konsum von Alkohol oder Drogen zurückzuführen ist. Es gab 42 Spitaleinweisungen, ein Drittel weniger als im Jahr 2022. Sechs Personen wurden schwer verletzt. Die Polizei verhaftete 41 Personen während der Veranstaltung. Beschlagnahmt wurden 550 Portionen Ecstasy, 240 Portionen MDMA, ebenfalls 240 Portionen Ketamin und etwa 60 Gramm Kokain. Dennoch fällt die Bilanz laut Polizei positiv aus

SOON TO BE PUBLIC KNOWLEDGE: HOW UKRAINE'S BIOLABS ARE CONNECTED TO THIS COVID 19 HOAX... AND HOW MANY POLITICIANS GREASE(D) THEIR POCKETS ON THE WAY.

"At least 19 Swiss people died in 2021 because of Covid-19 vaccinations." according to new data from the Swiss Federal Statistical Office (FSO). Swissmedic, the regulatory body that approved of the Covid-19 vaccine for Switzerland, told public radio SRF that there is no evidence to support that number." True statement, since the toll is mucho higher !!!

Geneva (AFP) – The Swiss parliament decided Tuesday to open an investigation targeting President Alain Berset, among others, over media leaks linked to government

Nothing new for Berset

The case comes at a highly political moment as it is an election year. Even if Berset is not found guilty, critics say the accusations weaken his reputation and that of the Social Democratic Party.

Berset has already been the subject of several scandals. In 2019, a former lover of Berset's attempted to <u>blackmail</u> <u>him</u> on the threat of publishing private letters and photographs. In 2021 <u>he was arrested</u> mid-flight by French military for flying over a restricted area in his private plane. And most recently, a Swiss banker <u>filed criminal</u> <u>charges</u> against Berset for making false statements surrounding Covid-19 vaccines.

DO NOT WORRY about a thing. We've got it all under control and are trying very hard not to laugh at you while lying through our teeth.
