

# Basel, Switzerland, as centre of the Zionist movement.

Why does the “Q-puzzle” mention :

“We are saving Israel for last” ?

What about La Suisse, also collapsing last because there’s too much at stake as it controls the Western-World’s Financial system?

Ever wondered why there’s such a huge Israel-lobby embedded in the Political Swamp of Switzerland?

Israel-Zion; the same creature, different name?

The establishment of the Jewish state unfolded out of 22 Zionist congresses that met between 1897 and 1946. No city was more closely associated with Theodor Herzl’s vision of a Jewish utopia and the Zionist movement he founded. At the end of August 1897 almost 200 attendees, including 14 (non-voting) women, convened in Basel for the first Congress.

**Herzl noted in his diary on 3 September 1897:**  
“Were I to summarise the Basel Congress in one word – a summation which I shall take good care not to express publicly – it is this:  
**in Basel I founded the Jewish state.”**

The Stadtcasino Basel was the key location on the road to a Jewish state. The World Zionist Congress met ten times in the city at the elbow of the Rhine. **2022 marks the 125th anniversary of the founding Congress.** Even though Herzl laid the foundations in Basel, it would still be another half a century, filled with dramatic world events, before his vision became reality. Over this period the Congress met six more times at the hallowed Stadtcasino where, in fiery and sometimes even tumultuous debates, the Jewish state gradually began to take shape.

**The final Basel Congress met in 1946 in the halls of the Mustermesse Basel.**

When he was looking for a friendly city that was easily accessible by rail, his friend and collaborator, Zurich lawyer David Farbstein, suggested Basel. Because of its sizeable Russian colony, **Zurich had a significant Russian secret police presence.**

# No, Israel and Zion are not the same thing, THIS IS WHAT GROK HAS TO SAY ABOUT IT. DYOR.

though they are closely related and sometimes used interchangeably in poetic, religious, or symbolic contexts. Here's a clear breakdown of the key distinctions:

**Zion originally refers to a specific geographical location:** Mount Zion, a hill in Jerusalem (specifically the stronghold/citadel captured by King David in the Bible, around the City of David area). Over time in biblical usage, the term expanded through synecdoche (a part standing for the whole) to mean:

- \*The city of Jerusalem itself
- \*The Temple Mount / area of the Temple
- \*The broader Land of Israel (the biblical homeland)
- \*Symbolically, the Jewish people or God's chosen dwelling place / spiritual center.

Zion carries deep emotional, religious, and poetic weight in Jewish tradition, often representing divine presence, salvation, restoration, and longing (e.g., "daughter of Zion" as a term of endearment for Jerusalem or the people).

## Israel has multiple meanings depending on context:

- \*Biblically: The name given to Jacob, then the nation/people descended from him (the "Children of Israel"), and later the ancient kingdoms (e.g., Kingdom of Israel).
- \*Geographically/historically: The Land of Israel (Eretz Yisrael), the promised biblical homeland.
- \*Modern: The State of Israel (Medinat Yisrael), the sovereign country established in 1948.

**In short:** Zion is more of a poetic/symbolic/religious name rooted in Jerusalem and its holiness often standing for the entire land or people in a spiritual sense.

Israel is more historical/national/ethnic — referring to the people, the land, or the modern state.

**!! 1896: Herzl published Der Judenstaat ("The Jewish State"), arguing antisemitism was inevitable and Jews needed a sovereign state secured by international law (he favored Palestine for its historical ties but considered alternatives like Uganda).**

**German and Jewish (Ashkenazic):** from Middle High German stein. European governments (especially the Austro-Hungarian Empire under Joseph II in 1787, then Prussia, Russia, and other areas) passed laws forcing Jews to adopt permanent, inheritable surnames for taxation, military drafts, and administrative control. German/Yiddish provided the vocabulary and structure. Ornamental names were fashionable and allowed when possible. Once a few became established, similar patterns spread in communities.

Mary Shelley wrote the foundational 1816 draft of **Frankenstein at the Villa Diodati near Geneva, Switzerland**, during the "year without a summer". Forced indoors by constant rain caused by the 1815 Mount Tambora eruption, she, Percy Shelley, Lord Byron, and John Polidori challenged each other to write ghost stories, inspiring her iconic gothic novel.

**The story was written in Cologne, Genève, now home of the WEF.**

## WHY DID MARY SHELLY CHOOSE THE NAME FRANKEN-STEIN?

**Frankenstein; or, The Modern Prometheus** is an 1818 Gothic novel written by English author Mary Wollstonecraft (Godwin) Shelley. It tells the story of Victor Frankenstein, a young scientist who creates a sapient creature from different body parts in an unorthodox scientific experiment.

## ★ PROTOCOLS OF THE ELDERS OF ZION, FRAUD, TRUTH, OR YET ANOTHER CONSPIRACY THEORY (THAT WILL BE PROVEN TRUE) ?

The Protocols resurfaced in 1917 and quickly spread across the globe, fueling anti-Semitic and anti-Bolshevik fervour. Their authenticity was challenged in public trials, most notably in Berne in 1934-1935. However The Protocols remain a staple of anti-Semitic ideology throughout the world and continue to be published, especially in Russia and Eastern Europe and in the Arab world. <https://www.lib.uchicago.edu/collex/exhibits/red-press/protocols-elders-zion/>

## ★ IF YOU ARE ANTI-SEMITIC YOU ARE AGAINST ALL THOSE PEOPLES MENTIONED BELOW, SO THIS TERM IS USED AS A SHUTDOWN OF ALL CRITICISM OF THE STATE OF ISRAEL !

Linguistically, "Semitic" refers to the Semitic branch of the Afro-Asiatic language family. This is the most precise and widely accepted modern usage in scholarship. Major Semitic languages (ancient and modern) include:

- \*Akkadian (ancient Mesopotamia: Assyrians/Babylonians)
- \*Aramaic (widespread in ancient Near East; still spoken in small communities)
- \*Hebrew (ancient and revived modern)
- \*Arabic (by far the most widely spoken today)
- \*Amharic, Tigrinya, and other Ethio-Semitic languages (in Ethiopia and Eritrea)
- \*Extinct ones like Phoenician, Canaanite dialects, Ugaritic, etc.

Historically, ancient Semitic-speaking peoples included:

- \*Akkadians, Assyrians, Babylonians
- \*Arameans
- \*Canaanites (including Phoenicians, Moabites, Edomites, Ammonites, and ancient Israelites/Hebrews)
- \*Various Arabian tribes
- \*Some groups in the Horn of Africa (Habesha peoples)

Modern populations whose primary languages are Semitic (and who are therefore the closest to "real Semites" in the original linguistic sense) include:

- \*Arabs (across the Arab world; Arabic speakers number in the hundreds of millions)
- \*Jews/Israelis (Hebrew speakers, plus those with historical ties to Hebrew/Aramaic traditions)
- \*Assyrians/Chaldeans/Syriacs (modern Aramaic/Syriac speakers in Iraq, Syria, etc.)
- \*Habesha peoples of Ethiopia and Eritrea (Amharic, Tigrinya, etc.)
- \*Smaller groups like Maltese (Maltese is Semitic, influenced by Arabic)

FBI Records: The Vault — Protocols of Learned Elders of Zion Part 01 (Final)

WHY DOES THE FBI HAVE THIS DOCUMENT IN IT'S VAULT?

**Why do Zionists have a massive over-representation in the media, politics, banking and world affairs? How did such a small community get to dominate all the centers of power and information?**

Protocols of the Elders of Zion, said to be a fraudulent document that served as a pretext and rationale for antisemitism mainly in the early 20th century.

The document purported to be a report of a series of 24 (in other versions, 27) meetings held at Basel, Switzerland, in 1897, at the time of the first Zionist congress.

There Jews and Freemasons were said to have made plans to disrupt Christian civilization and erect a world state under their joint rule. Liberalism and socialism were to be the means of subverting Christendom; if subversion failed, all the capitals of Europe were to be sabotaged.

The Protocols were printed in Russia in abbreviated form in 1903 in the newspaper Znamia ("Banner") and subsequently (1905) as an addendum to a religious tract by Serge Nilus, a tsarist civil servant. They were translated into German, French, English, and other European languages and soon came to be a classic of antisemitic literature. In the United States Henry Ford's private newspaper, Dearborn Independent, often cited them as evidence of a Jewish threat. <https://www.britannica.com/topic/Protocols-of-the-Elders-of-Zion>

# WE NOW KNOW THAT THE RULING "ELITE" SWAMP USES EVERYTHING IN IT'S POWER TO CREATE WORLD DOMINATION FOR A SMALL GROUP OF "PEOPLE".

**You do not need to be Jewish to be a Zionist.**

You do not need to be Palestinian to want peace, as so do most Israelis.  
You do not need to be a Christian to want peace, as so do most Arabs, Hindus and Buddhists.  
You do not need to be "straight" to want peace, as so do most homosexuals.  
But in the dogma of religion the above mentioned is a disease, sometimes punishable by death...

Bob Marley uses his faith to inspire himself to be strong and not to back down, come what may. **Parallels are drawn between Haile Selassie's struggles** and his own. The song was written around 1973/1974 and was discovered, completed and released ten years later. (no mention of Israel, red.)

According to Mojo magazine Island Records' Trevor Wyatt discovered Marley's original song by chance, when he left a rehearsal cassette running while he was pouring himself a glass of water."

**Any connections with the song and the statements below are purely coincidental ;-)**

**Israel has :**  
**-a Wailing Wall (Western Wall)**  
**+ Dome of the Rock**  
**-an Iron Dome Air Defense System (1<sup>st</sup> mention 2007 !)**  
**-an obvious Zion connection**  
**-the Lion of Judah a.o. lions.**

**Scholars widely agree that Zion predates Israelite use. The earliest known use of "Zion" is in the biblical account of David's conquest, referring to a pre-existing Canaanite place name in Jerusalem. It has no confirmed attestation outside the Bible in ancient texts.**

**Despite the attack, a wounded Marley performed at the concert and later went into exile in London for two years. No one was ever convicted for the shooting. Dec 3 = 123 1976 = 23 Listen to Sting's "Murder by numbers" song.**

**It includes insider accounts of the assassination attempt on Marley and his exile in London. Bob Marley was shot on December 3, 1976, by unidentified gunmen, widely believed to be hired by local Jamaican Labour Party affiliates, possibly with CIA involvement.**
